Juvenile Sex Offender Assessment Protocol-II (J-SOAP-II)

Abstract. The enormous public health impact of adolescent substance use and its preventable morbidity and mortality highlight the need for the health care sector, including pediatricians and the medical home, to increase its capacity regarding adolescent substance use screening, brief intervention, and referral to treatment (SBIRT).

Substance Use Screening, Brief Intervention, and Referral

NYU Langone Health's Department of Child and Adolescent Psychiatry was founded in 1997 to improve the treatment of child psychiatric disorders through scientific practice, research, and education, and to eliminate the stigma of being or having a child with a psychiatric disorder.
